

John Anderson

123 Maple Avenue, New York, NY

Email: john.anderson@example.com | Phone: (123) 456-7890

Professional Summary

Highly skilled Data Scientist with 8+ years of experience in machine learning, statistical analysis, and AI-driven business solutions. Expertise in Python, SQL, and cloud computing to develop scalable data models.

Work Experience

Senior Data Scientist | Google | 2020 - Present

- **Led a team of 5 data scientists in building predictive models for user engagement.**
- **Improved recommendation algorithms, increasing accuracy by 15%.**
- **Developed AI-driven business insights using big data technologies.**

Data Scientist | IBM | 2016 - 2020

- **Designed and deployed machine learning models for financial forecasting.**
- **Automated ETL processes, reducing data processing time by 30%.**

Education

M.S. in Data Science | Stanford University | 2015

Skills

- **Python, TensorFlow, PyTorch**
- **SQL & Big Data (Hadoop, Spark)**
- **AWS & Google Cloud AI**
- **Predictive Modeling & NLP**

Certifications

- **AWS Certified Machine Learning**
- **TensorFlow Developer Certification**
